

PUBLIC FINANCE

Friday, Eldredge & Clark, as the leading bond counsel firm in Arkansas, is uniquely qualified to serve as bond counsel on a range of public, nonprofit and industrial development financings. The firm has served as bond counsel on more than \$8 billion in tax-exempt public issue bonds in Arkansas in the past five years. The firm's focus is on the financing of public, nonprofit and industrial projects through bonds sold by underwriters, bonds placed with governmental agencies and local banks and bonds offered in public sales.

The firm's public finance lawyers work together and, as needed, may team with lawyers in other practice areas of the firm whose backgrounds may be relevant to a public finance transaction. Whether a bond issue involves complex issues relating to securities, healthcare, real estate, economic development, environmental law, or even litigation, the firm can handle any issue that arises. Because the firm's public finance group works so closely with other practice groups, it is adept at spotting issues that may require attention from other disciplines.

Friday, Eldredge & Clark has been the leading bond counsel firm in Arkansas for over twenty years and 2019 was no different. Of the \$2.89 billion in principal amount of public bonds issued by Arkansas issuers in 2019, our bond department participated in 153 bond issues, representing 85.4 percent of the total issues.
