

Corporations, Business & Commercial Enterprises

Public and private corporations, Small & Mid-Sized Businesses, Startups & Entrepreneurs, joint ventures, closely held and family-owned businesses

We provide wide-ranging business, corporate and commercial legal advice that will help you structure, manage, and grow your business. Our multidisciplinary group has knowledgeable business lawyers who represent a wide range of disciplines including mergers and acquisitions, tax, real estate, estate planning, health care, litigation, labor, and public finance, among others. Many firms provide corporate and business services on a deal-by-deal basis. We work with you as true business counselors as your company progresses from formation, through expansion, to maturity. This holistic approach often provides a better outcome at a lower cost.

FAQ

How do I get started if I need legal services for my business?

We begin with a consultation to understand your business structure, goals, and challenges. From there, we recommend strategies that align with your company's needs, whether it's formation, contracts, or dispute resolution.

Can you help me choose the appropriate entity type for my business?

We advise on entity selection, including corporations, LLCs, and partnerships, and structure your business to optimize liability protection, governance, and tax advantages.

What guidance do you provide on corporate governance?

We counsel boards of directors, officers, and owners on fiduciary duties, bylaws, shareholder agreements, compliance obligations, and risk management.

Do you assist with drafting and negotiating business contracts?

We prepare and negotiate a wide range of agreements, from vendor and customer contracts to joint ventures, supply chain agreements, and service arrangements, ensuring your interests are protected.

Can your attorneys represent us in a merger, acquisition, or sale of the business?

We handle every stage of M&A transactions, including due diligence, negotiation, regulatory approvals, and post-closing integration.
