

# Manufacturing & Industrial

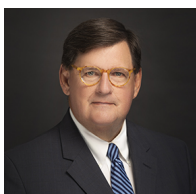

Heavy industry, product manufacturers, automotive

Friday, Eldredge & Clark lawyers represent a diverse range of manufacturing and industrial companies, including manufacturers of social expression products, food and consumer goods, pharmaceuticals, valves, wire, engineered products, firearms, tires, auto components, medical devices, and many more. These clients include multi-national Fortune 500 companies and smaller regional entities. Whatever their size or location, clients rely on our attorneys for client-focused advice and representation grounded in a thorough understanding of their industry sector.
